

# galicia biodays 2024

 bioga

# What is Galicia Biodays?

Galicia Biodays is the **benchmark forum for the biotechnology and Life Sciences industry** in the European Atlantic area.

The perfect scenario to establish new contacts and synergies, generate business, develop new projects and get in touch with investors and clients.

galicia  
biodays

VIGO, 12-13 JUNE

20  
24

## Second Edition

A biannual event that has established itself as a meeting point for all the agents linked to the value chain of the biotechnology system

## The perfect scenario to generate business

The forum promotes the generation of new contacts and synergies, the development of new projects and the contact with investors and clients

## Extensive programme of activities

The forum provides an insight into current trends in the biotechnology sector and is a benchmark event for the international industry, with an extensive programme of conferences, workshops and networking activities throughout the forum

# Audience

---

DIGITAL IMPACT

**+20.000**  
users

IN-PERSON REACH

**+1.000**  
professionals

## **Business owners, managers, entrepreneurs and investors**

who want to generate business, expand their network of contacts and learn about new projects and trends.

## **R&D Directors**

of leading companies, technology centres and institutions at international level.

## **Young talent and researchers**

interested in learning about the latest trends in biotechnology and coming into contact with leading companies.

## **Specialised suppliers**

that provide quality solutions and services to the biotech industry.

# Why Galicia?

Galicia and Biotechnology go hand in hand in an emerging, increasingly powerful and highly innovative sector.

We have the **Strategy for the Consolidation of the Galician Biotechnology sector 2021-2025** as a central element and backbone of the biotechnology ecosystem around the productive business network.

**1.300 M€**

sector turnover

**113 M€**

R&D investment

**5.600**

jobs

**160**

biotechnological companies

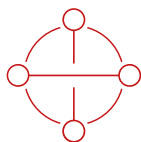

Generate business and new clients  
at national and international level

---

Find out about products,  
services and trends

---

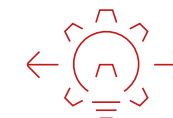

Expand your network
